

You are a team player with creative ideas and recognize solutions before others see the problem. You don't see your job as just a job, but have the necessary bite and a passion for what you do. You want to share your knowledge and gain as many new experiences as possible.

With this motivation you are a perfect fit for pakadoo!

We are looking for people who don't want a routine job, but who burn for challenges and deliver top performance. Who grow daily with their tasks and want to develop personally. Who like to take on responsibility in order to advance the team as well as the whole company.

Business Analyst (f/m/d)

Your Tasks

- Link between sales team, customers and IT
- Development and testing of individual and innovative customer solutions
- Continuous (further) development of new and existing tools as well as digital processes from a customer and user perspective
- Partial/overall project management for the implementation and support of new processes
- Training of customer service team
- Observing and analyzing trends in the last mile market

Your Profile

- Completed studies in business informatics, industrial engineering, business administration or a comparable qualification
- Knowledge of methods and experience in the creation of technical concepts
- Know-how and experience in requirements engineering, business analysis or system analysis
- Very good knowledge of Business Canvas
- Ability to work in a team
- Moderate willingness to travel
- Valid class B driver's license

What we offer you

We may not be a "real" family, but we want to be much more than just your employer. Even if everything is not always perfect and many ideas often meet with little time - we all work together towards our goal of sustainably doing something good for people and the environment with our services. Would you like to support us? Then become a pakadoo!

- Regular exchange: open communication is our top priority
- Flexible working: in the office, in the home office or remote
- Active involvement: everyone can contribute
- New food for thought with lectures and workshops

Do you want to make a difference? Then apply now and become part of the pakadoo success story! We are looking forward to your application with CV, copies of certificates, salary expectations and possible starting date at bewerbung@pakadoo.de
